It is common for people who have a college education to have a higher earning potential, better job opportunities, job satisfaction, a better lifestyle, and long-term family benefits.

Become involved in the fast growing medical field. Not only are nurses in high demand; you will have a rewarding career and make a difference in people’s lives every day.

As a college student, you will be an inspiration and have a positive impact on those around you. Plus, you will be a role model for your family and friends.

No matter what your age or experience, Mildred Elley’s programs, faculty, and staff can help you update your skills and give you a competitive edge.

PERSONALIZED ATTENTION gives you the support necessary for your success. Your department chair and faculty act as your mentors; they are available to discuss coursework, careers, and anything else that may come up. Faculty and staff will be there to assist you every step of the way.

The Office of Career Services is committed to helping you find employment opportunities available in your chosen field. With lifetime job placement assistance, you may take advantage of the many services that we offer, such as assistance with job searching, resume and cover letter writing and mock interviewing.

The library offers an array of services for our students. Librarians are available throughout the day to assist you in your research needs. You will have access to a variety of printed and video resources, plus access to research databases and online catalogs. All of this can help you obtain your educational goals.

The campus is a great place to network with fellow classmates, work on homework and projects or just relax in solitude. The campus includes computers with internet access, free Wi-Fi access for laptops and mobile devices, and areas for working, eating and lounging.

Programs

Practical Nursing Certificate

Overview

Healthcare professions are one of the fastest growing career fields in the country. The Practical Nursing Certificate program is a credit-bearing, college-level program that prepares its graduates for licensure as a practical nurse (LPN) in the State of New York. Graduates of this program will be well prepared for successful passing of the NCLEX-PN examination, licensure as an LPN in New York State, and subsequent employment in the field.

Our program is comprehensive, designed to give you the clinical and lab skills necessary to become a successful LPN. Our instructors come from a diverse background within the medical industry, helping to provide you with the tools necessary to fulfill your goal to become a Licensed Practical Nurse.

What You’ll Learn

• Anatomy & Physiology
• Pharmacology
• Fundamental Nursing Skills
• Nursing for the Elderly
• Medical Nursing
• Surgical Nursing
• Pediatric Nursing
• Maternal Nursing
• Psychiatric Nursing

Mildred Elley’s on-campus clinical labs provide you with the most real world and technical learning environment possible so that you are better prepared for your career when entering the workforce. You will be equipped with complete training both on campus and at clinical partners’ sites. Throughout your education at Mildred Elley, faculty and staff are here to help you every step of the way so that when you graduate you are able to find a fulfilling career in your chosen field.

Tuition & Financial Aid

At Mildred Elley our knowledgeable Financial Aid staff will help you throughout the financial aid process. Financial aid and scholarships are available for those who qualify. Mildred Elley students may receive financial aid in the form of grants, scholarships, loans and work-study opportunities. Tuition, books and fees vary by program. Contact the Office of Admissions for more details.

Job Outlook

Employment for Licensed Practical Nurses is expected to grow 25% from 2012 to 2022, as reported by the United States Bureau of Labor Statistics.† This is much faster than the average growth rate for all occupations due to the increased need of healthcare services for the growing population of aging adults. Increased employment opportunities of LPN’s will be in hospitals, physician’s offices, and other healthcare settings.

Mildred Elley graduates are employed at:

• Nursing Homes
• Extended Care Facilities
• Hospitals
• Physicians’ Offices
• Home/Community Health Facilities
• Outpatient Clinics
