Rev 2/1/21

The **mission** of the Center for **Academic Support and Professionalism (ASAP)** is to provide a unified source of exemplary programs for student learning and to assist and engage students in achieving their academic and personal goals by providing support, access, and outreach. The ASAP staff facilitates both group and individual tutoring sessions, study seminars, soft-skill workshops, and cultural events, all with the goal of ensuring students establish career and scholarly opportunities for a successful future. We offer 45-minute tutoring sessions. To get the most out of the session, students are encouraged to bring in their syllabus, writing prompt, and any completed writing.
